Subject: I am STRONGLY opposed to oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 9:20:51 AM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. In a social and political environment that is making efforts to wean itself off fossil fuels and reduce CO2 in the atmosphere it would be close to madness to permit despoilation of one of the last areas of pristine ocean. This is especially so when one considers that a previous government not known for its environmental sensitivity had seen fit to declare it a National Park Reserve.

Please do all you can to thwart rapacious "developers".

Thank you,

Ken Browne
