Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

We do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. We cannot believe that the CNSOPB would even consider it!!

Even though we are people who take economic realities into serious consideration, we have to say that there is no moral or economical reason that would sanction this use on such a precious National Park - at a time when Canada is trying to increase our percentage of preserved and protected green spaces.

Thank you,
