Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. When will the environment become more important than oil and gas? Why does the government talk about lowering emissions and then encourage killing the environment with more oil and gas! Canada should be a leader in sustainability but instead just talks the talk while pushing for pipelines and other environmentally unfriendly projects. SHAME ON YOU!

Thank you,
