Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

I am appalled by the lack of care and protection displayed in other of our National Parks. Last year, I went to Gros Morne where the maintenance was not only disgraceful but dangerous. This in a World Heritage Site. I am also not impressed by the continued development in Banff.

We in Nova Scotia have just paid considerable for energy from Newfoundland. I suggest we augment that with Fundy tidal, wind energy and conservation programs to waste less power.

Sable is not replaceable; leave it alone.

Thank you,
