Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. It's unbelievable that the government is even entertaining the idea of allowing such disruptive and dangerous exploration anywhere near this special island. This is a unique place on earth and must be protected from any and all activities that threaten the delicate balance of nature and its inhabitants. Please make this an example of our values and of what this government said it was going to stand for.

Thank you,

Judy Delaney
