Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: February-07-19 10:56:04 AM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. Sable Island is a unique example of island preservation without human interference. Parks Canada is using that philosophy to develop a national park that will preserve the natural beauty of the island for years to come. Development of oil and gas reserves in that area has the potential to destroy that beautiful habitat with one spill. It is not worth the risk. Please protect the Sable Island area from commercial exploitation

Thank you,
Karen Ferguson
