Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. I encourage you to engage with the Canada-Nova Scotia Petroleum Board to cancel the call the bids for exploration in the Sable Island area.

Canada has wisely moved forward in designating a national park reserve at Sable Island to protect this unique and sensitive area. Allowing oil and gas exploration there puts the island at too great a risk of environmental damage. I encourage you to carry on the good work demonstrated by park reserve designation and work to ensure Sable Island has meaningful protection.

Thank you,
