Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: February-05-19 5:40:05 PM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

A National Park should by definition be a place free of resource exploration and extraction. Period. If a Park cannot be protected, what can? It is crazy even to consider this in this day and age. How can we hold up our head in front of the rest of the world if we allow this? How can we look our children in the face?

Thank you,
