Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 11:38:01 AM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. This is in contradiction to our call to care for the precious environment which we are to steward, not exploit! More funding for environmentally safe energy is needed not infringing on our NATIONAL parks for oil. Are we looking to follow our neighbours to the south where money "trumps" care for creation...the human and more than human (land, animals,birds, trees etc)??

I sincerely hope you will stand up for the environment and our need to resist infringements that will indeed continue us on a path to negative climate change.

Thank you for upholding our National Parks not only for ourselves but for those that follow in the future!

Sincerely,

Linda A. St. Clair, Ph.D.
