**Subject:** I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.  
**Date:** February-02-19 11:54:53 PM

Dear Minister McKenna,

I am opposed to any and all oil and gas exploration occurring within Sable Island National Park Reserve. Sable Island is such a fragile ecosystem which includes its herds of wild horses. Yet, for some reason, Big Corporations and their insatiable quest for oil and gas money continues unabated. Prime Minister Trudeau promised Canadians that he believes in the science of Global Warming and its result from fossil fuel emissions and that he equally believes that Canada needs to be a nation that leads the way in terms of putting a stop to continues global warming.

To reiterate, please, do not allow any exploration for oil or gas on or near the pristine, delicate and remarkably beautiful Sable Island.

As Sable Island goes, so goes the world.

Thank you,

MaggieKeller
