Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 10:42:01 AM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. This national park reserve was created to protect the uniqueness and beauty of the land, the horses and other life, and the surrounding waters. Allowing oil and gas exploration would be a total contradiction and repudiation of policy, purpose and moral obligation to protect and sustain this nationally recognized park. Just because oil and gas may be there doesn't mean we have to use it. Invest instead in human creativity and science that is leading Canada and the world away from the accumulative disastrous effects of fossil fuels towards a cleaner and healthier environment and climate. For the future of our children and the world we leave them.

Thank you,

MarieBlair
