Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

I am writing to you to say that I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. This Reserve was created to protect the rich and unique environment, which would be put in danger were it to be used for oil or gas. It is critical that we protect our National Parks so that they remain wild and natural for future generations, and so that we protect the species that call these parks home.

Thank you,

Mary Anne Schoenhardt
