Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 10:34:48 PM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. I have been to this pristine piece of the earth. Leave it be. Oil should be phased out everywhere. Ocean's creatures do not thrive with the explorations, movements of ships, leakages, and many other fallouts of the exploration. On the sands or near the shore would be devastating. It will disrupt sand stability, plant and animal ecosystems and lead to a human changed, if not lead to a dead island. Keep exploration and extraction OUT.

Thank you,
