Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. This falls under the banner "Is Nothing Sacred anymore?" Please, DO NO HARM! For the sake of our planet, we are supposed to be getting away from these sources of energy. Let's do our part instead of lagging behind other countries in our efforts to reverse climate change. Last but not least, can you say with complete confidence that the horses will not be harmed. They are a source of pride for our country and you are willing to put them in the path of danger?!

Thank you,

MichelleHart
