Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. Canada has more than enough fossil fuel activity as it is, and if we are going to meet our Paris targets we need to decrease, not increase, this activity. Our national parks represent our legacy and will be a priceless gift to future generations. We have plenty of land and plenty of resources for other ventures.

Thank you,
