Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. Moreover, I cannot imagine why this would even be under consideration. Close the loopholes: this is a farce, an embarrassment and a violation of the spirit and intent of the National Park designation. You have a strong record of clarity and action; I have great confidence in your ability to correct this impending disaster. One look at the weather patterns in the area should provide the urgency needed to intervene at this early stage.

Thank you,
