Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 9:56:02 AM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. What is the point of creating national parks if we allow commercial exploitation whenever the potential for profit by multinational corporations arises? We are left with a diminished and degraded environment. Is this to be the legacy we leave for our children? Unacceptable. Not only should Sable Island be outside of the exploration zone but there should be a buffer zone around it.

Thank you,
