Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 9:28:03 AM

Dear Minister McKenna,

On one side its jobs and tapping into new oil reserves but on the other why do we jeopardize our natural, protected areas? Sable Island is a national icon - I don't believe for one minute that the oil and gas industry have Sable Islands best interests here. Why is the government bowing to these demands, leave the area alone. Put your efforts into more sustainable energy sources rather than drilling more oil wells in significant ecological areas of our country.

Thank you,
