Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 11:25:32 AM

Dear Minister McKenna,

With the effects of global warming all around us it is completely unjustifiable to open new areas to oil and gas drilling activities. That this is also a threat to a National Park Reserve makes any decision to drill doubly unacceptable.

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

I urge you to oppose any applications for oil or gas exploration in this area at a time when the best defence against climate change is to keep fossil fuels in the ground.

Thank you,
