Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Nor do I support extraction of oil within a national park. These places ought to be protected indefinitely from the insatiable industry of humans.

Water is our most precious resource, our oceans are the cradle of life as it exists on this planet. Please protect our invaluable resources. Oil is becoming obsolete. Forward thinking nations are phasing out the use of fossil fuels, we should learn from this and join this movement to lessen our dependence on fossil fuels as a nation.

Thank you,
