Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. This can kill and harm many animals and bring a big risk and health of different animals that do NOT deserve to suffer. They are just like people, living, breathing creatures and people must be careful. Even though some people find enjoyment in experimenting it has a big consequence. Maybe not towards us but towards nature and we need to make a change to make the world a better place but with this going on how can we? Nature matters and it is so so important that we take care of the world we were given.

Thank you,

VictoriaJenkins
