Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 3:52:47 PM

Dear Minister McKenna,

Despite what you think, I do NOT and will not support oil and gas exploration occurring within Sable Island National Park Reserve. Like it or not, the teeming natural lifeforms existing on Sable Island have right to exist in their habitats in their animal community in and around this area. You, must not allow the destruction of this teeming wildlife that have existed for centuries. By allowing the oil-gas exploration it would mean the death of these innocent animals, along with the undersea life as well. Minister McKenna, being a part of Environment and Climate Change Canada, I'm asking you to stop this inhuman travesty right now if you really do care about the environment.

Thank You for your attention:
