Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. We are already destroying the earth as it is and this will only cause more issues in the future? And all for what, greedy oil companies who don't care about the environment and the impact that they have on it? We need to stop being so ignorant and greedy and think about what were actually doing to this earth and thinking of better way to help protect not DESTROY it even more!

Thank you,

Alyse
