Dear Minister McKenna,

Are you kidding me?? How can you be the Environment Minister and even consider this? This industry wants to put a drill everywhere it can. They don't care about the environment - they only care about money. Money will not buy our wildlife, damaged land or sea back. Please do your job and deny oil and gas for a change. Let them know they can't walk all over Canada and do whatever they like.

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Thank you,
