**Subject:** I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.  
**Date:** January-31-19 11:52:02 AM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. I find it astounding that yourself and other have such a large focus on oil and money that you would even consider it acceptable to out stable island at risk. The oil industry causes significant damage to wildlife on a daily basis and has even go against treaty agreements with the indigenous population with regards to land. I do not and will not support oil exploration being a possibility on Sable Island. Nature is something we are losing touch with significantly. I work in the healthcare field and I find it astounding how many people can gain wellness from salutogenic healing. You cannot continue to destroy land to produce more oil. There needs to be another alternative. There is too much money put into oil and I suggest you find another alternative.

Please leave Sable Island alone and do not destroy the beauty that it is and holds.

Thank you,

Chelsa States
