Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: February-05-19 2:56:04 PM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. Industrial development within such close proximity of the National Park Reserve does not reflect the role and responsibility of such a designation, and a buffer zone should be applied around the park to ensure its integrity is maintained in the long term. Appropriate measures should be taken to safeguard the relatively fragile nature of the ecosystem on and around Sable Island.

Thank you for this consideration,

Chris Smith
