Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

But if you're going to go ahead with it, please remove the horses from the Island. Do not subject them to the constant stress caused by the oil and gas industry's air, noise and water pollution.

Please do the right thing by the horses and by the environment. This is what the majority of Nova Scotians want.

I am trusting that you will adhere to the will of the majority.

Thank you for your service to the people.

Sincerely,

Charlotte Creamer
