Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within or near Sable Island National Park Reserve.

The fact that the idea of doing ANY kind of work on or near Sable Island has been promoted is a sign of Trump - like disregard for wilderness land, water and organisms. DO NOT allow Canadians to become like Donald Trump! DO NOT allow money-grabbing businesses to hold sway over those who would protect our precious clean environment.

I am only one of many who see destructive (and there WILL be destruction if exploration is allowed) activity at Sable Island as a SHAMEFUL horrible act against nature. Do not allow the [REDACTED] of any wild parts of Canada to proceed - do not allow work that will inevitably lead to pollution and ruination of this precious island.

Thank you,

DOROTHYHANSEN
