Dear Minister McKenna,

Canada's national parks should NOT be subjected to oil and gas activities. I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. Please act on behalf of this beautiful, wild place and intervene. The Canada-Nova Scotia Offshore Petroleum Board should not be allowed to proceed with this plan to call for bids. It was declared a national park in 2013 and that alone should warrant its protection. Do these designations therefore mean nothing?

No, they have to mean something, or else every act of protection becomes meaningless. Sable Island is a NATIONAL park. Let's keep it pristine for all Canadians, not for the greed of a few.

Thank you,

Victoria White
