Subject: Sable Island National Park Reserve: please do your best to keep it pristine!
Date: January-31-19 11:56:04 AM

Dear Minister McKenna,

I find it very discouraging to learn that the current Call for Bids by the CNSOPB (?) includes Sable Island or at least comes very close to this national treasure. The thought of spills washing up on those beaches is really depressing. Reading about this almost makes me feel as though we are returning to the sad Harper days.

Thank you,

Stephen Ross
