Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.
Date: January-31-19 1:30:01 PM

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve. Scientists have made it clear that in order to limit the effects of climate change, we need to stop fossil fuel use immediately. Allowing oil and gas exploration, particularly within a national reserve, is a complete betrayal of the government's commitment to fighting climate change. We should be investing in environmentally sustainable development, not continuing to engage in dangerous, damaging oil drilling.

Thank you,
