Subject: I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Dear Minister McKenna,

I do NOT support oil and gas exploration occurring within Sable Island National Park Reserve.

Let us be rational and realize that once we make such a move the pristine nature of the reserve is destroyed ad infinitum with no turning back.

We have plenty of other gas reserves in Canada. One can at least wait until a possible time in the future when it is imperative to find more oil reserves. With any luck, that day may never come as we continue to pursue renewable resources.

Thank you,
